Skills

- **Programming:** Java (Core Java, OOPS, Exception Handling, Collections)
- **Web Technologies:** HTML, CSS, JSP, Servlets
- **Backend & Connectivity:** JDBC, DAO
- **Database:** MySQL, SQL
- **Core Concepts:** OOP, Java Collections, DBMS, Basic Data Structures

Projects

Vehicle Rental System

Aug 2025 – Dec 2025

- Developed a web-based **Vehicle Rental System** for renting cars and bikes.
- Implemented user registration, login, vehicle search, booking, and payment features.
- Designed an admin module to manage vehicles, pricing, bookings, and customer records.
- Built the application using **Java, HTML, CSS, JavaScript, and MySQL**.
- Improved booking efficiency by maintaining real-time vehicle availability and booking history.

FoodifyApp – Online Food Ordering System

July 2026 - Present

- **Technologies:** Java, JSP, Servlets, JDBC, MySQL, HTML, CSS
- Developed a web-based food ordering application that allows users to register, log in, browse restaurants, view menus and manage food orders.
- Implemented backend functionality using Java Servlets, JDBC, and DAO architecture for database operations.
- Designed and integrated a MySQL database for managing users, restaurants, menu items, orders, and order items.
- Developed dynamic JSP pages to display restaurants and menu items and connect the frontend with backend functionality.

Experience

TAP Academy

Jan 2026 – Present

- Software Development Intern (Java Full Stack Web Development)
- Developed web applications using **Java, HTML, CSS, and JavaScript**.
- Implemented backend logic using **Spring Boot** and integrated frontend components.
- Strengthened **problem-solving and debugging skills** through hands-on development tasks.

Achievements

- Completed **Redington Advanced IT Skills Training in Cybersecurity** with **Grade B+** (2025).

Education

- **SJM Institute of Technology** Chitradurga, India

2022 – 2026

B.E in Computer Science (CGPA: 8.7)
